We are a family owned and operated motion picture livestock barn located in New Mexico. We own and provide all specialty performing livestock, cast and non-descript livestock, and other relevant animals. We also provide a large variety of period tack, stagecoaches, buckboard wagons (milk delivery wagon, jail wagons, hearses), and vintage buggies. We have full transportation to and from all sites. We have many years of livestock experience in the entertainment industry from the toughest to the smallest jobs, both in period and modern day.
